

The best way to wash your car!

- *The ultimate wash mitt for show car perfect results*
- *Absorbent microfiber carries more suds & water*
- *Features comfort-fit cuff & soft inner lining*

USAGE TIP: For best car washing results use 2 buckets. One should be for the fresh wash solution and the other should be for rinsing the mitt between applications. This reduces the chance of dirt particles returning to damage the paint surface. Never use dish soap as this will remove the protective wax finish. For great results, use any of Meguiar's® car washes.

CARE INSTRUCTIONS: Machine wash with similar microfibers only. Do not use bleach or fabric softeners. Tumble dry on low heat.

MEGUIAR'S® GUARANTEE: Our reputation for making the world's finest surface care products is based on exceeding your expectations each and every time. If you are not completely satisfied with this product, you may return it for a full refund of the verified purchase price.
